1	Complete project execution	112 days																																																								
2	Set up	12 days																																																								
3	Define mini app criteria	1 day																																																								
4	Create longlist of mini apps	2 days																																																								
5	Select three mini apps from long list	1 day																																																								
6	Document and benchmark hardware	4 days																																																								
7	Development and Benchmarking	84 days																																																								
8	Benchmark mini-app one	1 day																																																								
9	Port mini-app one	24 days																																																								
10	Benchmark ported mini-app one	3 days																																																								
11	Benchmark mini-app two	1 day																																																								
12	Develop mini-app two	24 days																																																								
	Task Name	Duration	1 July 19							8 July 19							15 July 19							22 July 19							29 July 19							5 August 19							12 August 19							19 August 19
